|  |  |  |  |
| :---: | :---: | :---: | :---: |
|  | Target | I can do it! | $\begin{gathered} \text { You can do } \\ \text { it! } \end{gathered}$ |
| L2 | I can count sets of objects reliably | © |  |
| LNF | I can read, write and explain the value of a digit in numbers to 1000 | © |  |
| $\begin{array}{\|l\|} \hline \text { LNF } \\ \hline \end{array}$ | I can order, compare and estimate with numbers up to 100 | $\because$ |  |
| L2 | I recognise sequences of numbers. | $\because$ |  |
| LNF | I can use mental strategies to recall number facts within 20 | $\because$ |  |
| L3 | I know my 2, 3, 4, 5 and 10 times tables and use them to solve problems (inc those giving remainders) | © |  |
| LNF | I can multiply numbers by 10 understanding place value | $\because$ |  |
| LNF | I can identify the multiples of 2, 3, 4, 5 and 10 | $\because$ |  |
| LNF | I can identify odd and even numbers up to 1000 | $\because$ |  |
| L2 | I can spot and use halves and quarters in practical situations | © |  |
| LNF | I can find fractions of numbers using my tables, e.g. 1/3 of $18,1 / 5$ of 15 | © |  |
| L2 | I can find differences within 100 use mental strategies to add and subtract 2-digit numbers | - |  |
| L2 | I choose the appropriate operation when solving addition or subtraction problems | © |  |
| LNF | I can use partitioning to double and halve 2-digit numbers | $\because$ |  |
| LNF | I know that a negative number is less than 0 | © |  |
| LNF | I can check subtraction using addition | $\because$ |  |
| LNF | I can check halving using doubling | $\because$ |  |
| LNF | I can check multiplication using repeated addition | $\because$ |  |
| L3 | I can use decimal notation in recording money. | $\because$ |  |
| LNF | I can order and compare items up to £10 | $\because$ |  |
| LNF | I can record money spent and saved | $\because$ |  |
| LNF | I can use different combinations of money to pay for items up to $£ 2$ and calculate the change | $\because$ |  |
| LNF | I can find an 'unknown' number in problems and use this to solve other facts, e.g. $\mathbf{3 7 + \square = 1 0 0 \text { so } 1 0 0 - 3 7 = \square \square \square}$ | $\ddot{\bullet}$ |  |
| LNF | I can list numbers that are 'greater than' or 'less than' another number | © |  |
| $\begin{aligned} & \hline \text { LNF } \\ & \text { L3 } \end{aligned}$ | I can read statements about numbers using < > = sign, e.g. $6>4$ | $\because$ |  |
